**Q10 Do you have any comments which may assist in the better running of the Club?**

Continue with roster but needs a better system to ensure people turn up when assigned a job
The club is in a good place. This season I will be training for longer races, it would be good to have a known start time there is a lot of waiting around Sunday mornings for a hour of racing race
The club could be a little more aware of new members and make them feel more welcome
Need (somehow?!) to get more people in the 18-30 yo bracket interested.
It would be great at larger events like Ironman if there was a spot each year where Tri Forster sets up a tent (like Berkeley Hill for example) that way when you are dragging yourself along the course you know they aren't far away each time....
Definitely more social. what about pancakes cooked up on the BBQ more BBQ's ( can we have some veggie options??) Can there be an " open chat" where new people can learn from the experienced people about specifics - the suits look great - great design.
I really think we should make the most of the new link between us and Crowdy Surf Life Saving Club, I know its a lot to set up up there but maybe even a duathlon type setup swim/run followed by BBQ would even be good
The club has had very little exposure in recent years in the Advocate, our best opportunity to publicise our club is through it's members' achievements in the Advocate. As most other Forster clubs do.
It would be great if we did a winter Duathlon Series like Port & some more different group training days or swim/runs , ocean swims or lake???
Perhaps more group training options. Different stuff. Adventurous / challenging.
I would like to start the races earlier
I would like to see our junior base grow
Share the workload around with all members
No, we're all volunteers and we can't get too professional - otherwise we'd have to pay people to do the jobs... it's supposed to be fun..... let's keep it that way.
Maybe a general introduction of all team members at the beginning of season, help get to know others
A longer course option has been discussed in the past and I think this would be a good idea.
as above i would like to see cheaper entry to the Taree/Crowdy tri for club members
Keep up the good work, Committee
